About TBI-IET

TBI-IET - Technology Business Incubator of the Institute of Engineering and Technology, University of Calicut. TBI-IET operates as a registered society under the Societies Registration Act, 1860. Our aim is to foster the growth of technology-based and knowledge-driven companies during their critical startup phase, typically spanning to three years. We provide a comprehensive range of services to support these companies, including workspace, shared office facilities, access to specialized equipments, and value-added services such as fundraising assistance, legal guidance, business planning support, technical expertise, and business networking opportunities.

At TBI, we strive to motivate a culture of innovation and entrepreneurship among our students, faculty, and alumni, empowering them to transform their business ideas into reality. Our primary objective is to generate successful ventures that not only create jobs and wealth in the region but also foster a spirit of innovation across the country.

THRUST AREAS

Emerging Technologies in

Information Technology • Electronics • Robotics • Health Care
Print and Media • Green Energy Solutions
Technology in Agriculture • Technology in Sports

A vibrant startup ecosystem with space for Ideas to nourish

TBI FACILITIES

- 24x7 operational working space • Co-working space • High speed Wifi
- Incubation cubicles • Conference rooms • Seminar halls
- Digital Library • Research labs
